ADDITIONAL INFORMATION

Conference Registration Fees

Public Fee: BD 375 including breakfast, coffee breaks, lunch, and certificate with Continuing Medical Education accredited credits.

Student Fee: BD 100 including breakfast, coffee breaks, lunch, and certificate of completion.

Educational Objectives

Following this course, participants should be able to:

- Update current disaster preparation and response plans for effective action and communication
- Protect technology systems storing medical information throughout a disaster situation
- Assess the level of preparedness of trauma systems and first responders to deal with disasters
- Practically manage risks in mass gatherings

Target Audience

This series is designed for physicians, nurses, etc., who practice in the areas of occupational medicine. Participation from government officials, NGO's, civil society organizations, and private sector representatives is welcome.

OCCUPATIONAL MEDICINE CONFERENCE

**Disaster Preparedness:
State of the Art Update for the
Occupational Health Specialist
February 11-12, 2018
Royal University for Women, Bahrain**

This conference will address ways to strengthen the sustainability of disaster management to ensure a high level of preparedness in preventing and responding to a wide variety of potential events. Speakers include both international and GCC-based experts.
